How to Refresh & Recreate the Side Orders & Pudding

Put your Chef-ready Meal™ in the fridge as soon as it arrives home

*Take everything out to bring it back to room temperature
at least an hour before you reheat*

1. **Horseradish Cream** - serve cold
2. Chop House **Cranberry** & Confit Red Onion Relish - can be served cold or hot - just pop it into the microwave in the container with its lid off on full power for 2 minutes or refresh gently over a low heat in a small saucepan until it simmers
3. **Cauliflower Double Cheese** - take the lid off the foil tray and put it into the pre-heated main oven at 180C for 10-15 minutes. You may want to finish it under the grill until it browns. Or you can use a chef's blowtorch to get the same effect if you have one
4. Additional Sage, Caramelised Onion and Sausagemeat **Stuffing** should be added to your baking tray in the pre-heated 180C oven for 5 - 10 minutes
5. Additional **Confit Chicken Legs** should be added skin side-down to a hot baking tray in the oven at 180C for 15 minutes then turned over and grilled until the skin is a crispy brown. Alternatively, you can do this with chef's blow torch
6. Reheat **the gravies** in a saucepan on the hob. Bring gently to the boil, then simmer for at least 5 minutes until warmed through, stirring occasionally to prevent it sticking in the pan
7. The **Yorkshire puddings** can be reheated in the microwave on full power for 2 minutes and allowed to rest for one. Or they can be popped into the pre-heated oven at 180C for 3-5 minutes
8. Microwave your **sticky toffee puddings** in their container with the lid off for 2 minutes on full power (or pop it in the oven in a heat-proof dish for 10-15 minutes)

Use within 3 days of collection/delivery. Keep refrigerated below 5°C.

We cannot guarantee that nuts or nut traces will not be found in our food.

Allergens - Celery, gluten, egg, milk, sulphites

The hygienic containers are made from corn starch and are biodegradable.

They will clean (even in the dishwasher) and can be reused many times
